## Accommodation

Beautiful mahogany interior finished with semi-matt silk varnish. All lockers and doors have rounded edges. Deluxe upholstery in blue. curtains in beige and Carpet in blue. Varnished teak soleboards with inlaid holly strips. Ivory deckhead accentuated with mahogany inlays.

HEATING: Webasto Airtop 3500 diesel-fired warm air heater with outlets in each cabin.

VENTILATION: Two hatches, eleven opening port holes, fixed ventilation through the companionway washboard and Dorade vents in the saloon coachroof. All interior lockers are ventilated and there is airflow behind all fixed joinery and soft furnishing to prevent mould.

SALOON: Two settee berths in the saloon, on the port side a 1.90m long L-shaped settee and on the starboard side 2.15m with berth extension under the chart table. Lockers above the settees and stowage space beneath the starboard side. Bookshelves to port and starboard. Dropleaf saloon table. Opening portlights. Stereo/CD player with speakers in the saloon and cockpit. Headroom 1.91m.

GALLEY: On the port side, gimballed gas cooker with oven and two burner hob. Deep double stainless steel sinks with pressurised hot and cold water. Ample stowage room, chopping board, drawers and waste bin. Well insulated fridge with baskets and 12v cooling unit.

CHART TABLE: Instrument shelf for navigation equipment. 12v switch panel with gauges for fuel and water, voltmeter. Opening windows over both galley and chart table.

FORWARD CABIN: Double berth 2.14m long and 2.07m wide at the widest part. Foot end 57cm wide. Lockers above on both sides and generous stowage beneath. Hanging locker to starboard and various other lockers and vanity unit to port. Two opening portlights. Door leading to saloon.

AFT CABIN: 2.16m long berth, 1.76m wide at the widest part. Foot end 1.11m wide. Hanging locker. Lockers above berth and stowage beneath. Door leading to saloon. Three opening portholes ensure good ventilation.

HEADS COMPARTMENT: Interior lining and cupboard in white matt Resopal. Watertight shower stall with teak grating. 12v shower waste pump. Manual pump toilet. Stainless holding tank, to be emptied by gravity or deck pump outlet. Corian wash basin and Corian countertop. Stowage above and below. Wet locker. Large mirror. Two opening portholes for ventilation.

## Mechanical Systems

3 Cylinder, 29hp, Volvo Penta D1-30B engine (2045hrs at February 2025)

Sail drive (Volvo gaiter/seal replaced 2025)

Three-bladed folding bronze propeller.

The engine is fresh water cooled.

Engine panel with rev counter and engine hours run counter.

Service battery bank of 240Ahr at 12v heavy duty batteries.

80Ahr 12v battery bank dedicated to engine start.

Charging of batteries is by 115A engine driven alternator.

Switch panel with fuel and water gauges, voltmeter and automatic circuit breakers.

12v outlets at the inner chart table and above the sliding hatch in the cockpit.

International Navigation Lights with combined tricolour/anchor light at masthead.

Full 230v shore power system with circuit breaker, 4 sockets, immersion heater

Mastervolt IVO 40A Smart battery charger.

Mastervolt Masterlink BTM 1 smart battery monitor.

WATER: Pressurised fresh water system with a two litres accumulator tank. Hot and cold pressurised fresh water at heads and galley.

Manual bilge pump

Emergency bilge pump.

## Spars & Sails

Silver anodised 7/8 fractional rig by Seldén with air draft of 16m.  
Seldén Furlex 200S headsail furling and reefing system  
Seldén Furlin-mast furling and reefing system for the mainsail

16kg Delta anchor and 40m 8mm chain.  
Additional folding Grapple anchor with chain and line.  
Gas cylinder locker in aft of cockpit with 3kg camping gas cylinder.  
Removable bow sprit

## Navigation Equipment

Raymarine C95 radar/chart plotter display mounted in the cockpit

Raymarine GPS antenna mounted on pushpit

Raymarine 2KW radome mounted on mast

Raymarine ST60+ windspeed and direction

Raymarine ST60+ Speed

Raymarine ST60+ Depth

Raymarine Smart pilot ST6002+ with Type 1 drive

Raymarine Ray50 DSC class D VHF

Raymarine AIS700 splitter/receiver. **New 2023**

VHF antenna mounted at masthead

Insulated backstay

Sony Stereo CD/Tuner with 2 speakers

## Safety Equipment

**Please note:** All safety equipment included in this sale is offered without warranty. the next owner must satisfy themselves that this equipment is suitable for their intended use of the vessel.

Liferaft in valise (next service due 2025)

Ocean Danbuoy

Inflatable Danbuoy

Lifebuoy with light

Fire extinguishers

Fire blanket

## Press Clip

The following comments from Europe's largest sailing magazine, **Yacht** after testing the Hallberg-Rassy 342:

"Frers has given this bestseller more comfort and more elegant lines. The sailing performance is excellent, even in light airs, but her speed increases effortlessly in response to every increase in wind strength. She reacts instantly to steering commands, but not nervously. From the moment you set sail she edicts a feeling of confidence, a feeling that is retained even in a freshening wind. The hull and deck are completely laminated and cast together with a polyester mixture, the resulting rigidity to the hull gives the boat a more comfortable ride in heavy seas.

The high standard of the build quality is valid throughout the whole build process and is evident even to a non-expert. It is not only the precisely fitted interior joinery, the dimensions and solid feel of the khaya mahogany with its varnished finish which is smooth to the touch. Even in those areas hidden from view Hallberg-Rassy is leading its competitors. For example the heating hoses are double, in order to minimize loss of heat. The pressure water pump is not just fitted anywhere as an afterthought but in rubber in the already insulated engine room so that noise levels are reduced. All these things are evidence of how determined Hallberg-Rassy are to continually move the limits in an effort to provide their clients with the ideal cruising yacht.

It is easy to fall in love with the 342 just because she has so many better details than other yachts in this segment of the industry. But it is not just the attention to detail, it is the great overall concept where she scores points. At 10.32 x 3.42 m (33'10" x 11'3") she has the best layout on the market, ideal for a crew of four. This new model has what it takes to become a class leader. Part of the explanation is that there is hardly any direct competition for this yacht. But even if the competition were keener, the market tougher, the Hallberg-Rassy 342 would still hold her exceptional position safely. We have rarely sailed a yacht that is so carefully evaluated."
